

Community Development Specialist

Central MN Council on Aging (CMCOA) is looking for a full-time Community Development Specialist in its Sartell or Brainerd office. As a member of the Community Development team, you will provide technical assistance for home and community-based services that are committed to helping older adults remain at home as well as, supporting family caregivers. Focus area includes development of affordable community-based services for older adults; helping providers redesign and sustain services; and development of healthcare partnerships that integrate all healthcare with aging services.

Bachelor's degree in social services, gerontology, health or related human services field, planning, public or business administration is required. Two years of professional experience in service and program development, preferably for older adults. Skills preferred include the ability to coach and mentor organization leaders through program development and problem solving; facilitating community engagement and support for underserved communities in Central Minnesota; and project management experience.

Starting salary range: \$22.00-\$26.00 per hour
plus benefits and mileage reimbursement

Send cover letter and resume to Lori Vrolson, CMCOA, 250 Riverside Avenue North, Suite 300, Sartell, MN 56377 or lori@cmcoa.org
