

Senior Provider Network Meetings 2018

What is the Senior Provider Network?

The Senior Provider Network is a forum for professionals, providers of senior services, and older adults to network and share information while promoting education and awareness about aging. Providers share announcements of events happening at their agency or in their communities. Bring flyers, posters, and your business cards. Extend an invitation to others in your network that may benefit from the education topic, program updates, or general networking opportunities. No registration is needed.
