 - Is helping others important to you?

Central Minnesota Council on Aging is looking for volunteers to be trained as State Health Insurance and Assistance Program (SHIP) Counselors.

Choices for health insurance are many, and the issues can often be confusing. As a volunteer counselor you will assist individuals with Medicare, Medicare prescription drug plans, Medicare Savings Programs, and the Medicare Low Income Subsidy Programs. SHIP counselors are a certified team of volunteers that help seniors make informed choices about insurance. Training is provided and mileage reimbursement may be available.
