USING FILM TO PROMOTE QUALITY CARE OF MINNESOTA'S DIVERSE AGING POPULATION

WEDNESDAY, APRIL 11, 2012 • 8:15 a.m. – 3:30 p.m.

WWW.SCTCC.EDU/FILMFESTIVAL

CALL 320-308-5007 to Register by APRIL 1, 2012.

SESSION 1 SENIOR DRIVERS: WHEN TO GIVE UP DRIVING PRIVILEGES

Old People Driving chronicles the adventures of 96-year-old Milton and 99-year-old Herbert as they confront the end of their driving years.

Love of Car: Transportation as We Age is about safe community mobility for mature drivers and transition to alternative modes of transportation.

Through stories and a review of the latest traffic safety research, the films dispel some of the myths about elderly drivers without shying away from the fact that many will outlive their ability to drive safely.

SESSION 2 EQUAL AND QUALITY SERVICE FOR ALL

88 Years in the Closet tells the story of Lorraine Barr. Born in 1918, she kept her sexuality secret for 88 years. When she revealed the truth in *Newsweek* magazine in 2007, she set blogs ablaze and challenged us to ask: Is she really as brave, courageous and bold as admirers have told her in countless letters since the story appeared, or is she a coward, coming out of the closet when nothing was truly at risk?

A facilitated discussion will look at the cultural competencies of professional health care workers.

SESSION 3 ECHOES FROM THE PAST

Alzheimer's and African Americans: Echoes of the Past looks at the high incidence of Alzheimer's in the African American community as it documents the intimate, first-hand experiences of several families providing care for a loved one.

Based on information from health professionals, the follow-up discussion considers the diagnosis and treatment of Alzheimer's, genetic factors, financial concerns, and caregiver stress.

SESSION 4 ENCORE PERFORMANCES: THE NEXT CHAPTER

The Boomer Century: 1946-2046 This film looks at how Boomers are giving back and redefining retirement. As people retire opportunities for community contributions abound through civic leadership, volunteerism and new work adventures.

A panel of local community leaders and businesses will share insights on what retirees are up to in Central Minnesota.

Pioneer Place on Fifth
22 Fifth Avenue South
St. Cloud, MN 56301

\$50 Healthcare Professionals
\$25 Seniors/caregivers/college community
