**2005 COUNTY GAPS ANALYSIS RESULTS**

**Home and Community-Based Long-Term Care Services**

- Overall supply of home and community-based services was deemed adequate.
- Chore services, adult protection, and assisted living were identified as having been added or expanded in the county.
- Adult day services were identified as having been decreased or eliminated in the county.
- The lack of trained support staff to deliver services was identified as a barrier to ensuring adequate home and community-based service options for seniors.

**Housing Options**

- Overall supply of housing and services was deemed adequate.
- Two new housing developments with 38 units were added in the county.

**Nursing Homes**

- Overall supply of nursing home beds was deemed adequate.

<sup>1</sup> Elderly Dependency Ratio: the number of individuals age 65+ divided by the number of individuals ages 15-64.

---

<sup>2</sup> Race categories are single race alone, except for the “two or more races” category. Individuals of Hispanic origin can be of any race.

<sup>3</sup> Family Caregiver Ratio: the ratio of the number of older adults age 85+ to the number of females ages 45-64 (who are the typical caregivers).

<sup>4</sup> Fiscal Year: state budget year beginning July 1 and ending June 30 of following year.

<sup>5</sup> Alternative Care Program: is a state-funded program that supports certain home and community-based services for older Minnesotans age 65 and over who are at risk of nursing home placement, have low levels of income and assets, but are not eligible for Medical Assistance.

<sup>6</sup> Fee For Service Elderly Waiver Program: is a program that funds home and community-based services for people age 65 and older who are eligible for Medical Assistance (MA) and require the level of medical care provided in a nursing home but choose to reside in the community. Individuals in the Fee for Service program are not receiving their care through MSHO.

<sup>7</sup> MSHO EW Add On: is payment for EW services within MSHO. Minnesota Senior Health Options (MSHO) is a health care program that combines all health care services and long-term care services into one health care package. It is for people ages 65 and older who are eligible for Medical Assistance (MA) and enrolled in Medicare Parts A and B or who have MA only.

<sup>8</sup> Non-Waiver Medical Assistance Home Care: is MA home care services for individuals who are not receiving their services through a waiver program because they are not deemed at risk of nursing home placement.

<sup>9</sup> Individuals with Higher Care Needs: those individuals who are assessed at Case Mix levels B-K. Case Mix A is the classification used for those individuals with the lowest level of care needs.
